

iOS SDK Documentation

Last Updated: Monday, January 7, 2019

Learn how to implement our SDK by following this guide.

Examples of how to add the SDK to your app can be referenced in our [Swift](#) and [Objective-C](#) iOS example apps in the Vibes Github repository.

Requirements for iOS

- iOS 9.0+, iOS 10.0+, iOS 11.0+
- Xcode 8.0+, Xcode 9.0+
- CocoaPods 1.1.0+
